UNIFORM POLICY

1. Purpose

The Australian Islamic College Adelaide is committed to providing an environment where students feel proud to attend the College. The wearing of school uniform is therefore compulsory for all students. Our Board and school administration consider that wearing a uniform encourages pride in our school and helps to build within students a sense of belonging to a defined school culture, and responsibility for the representation of the school and thereby of themselves. It also helps both students and parents avoid competitiveness in clothing attire, and ensures that the health and safety of our students is paramount.

2. Scope & Responsibility

This Policy applies to all students.

3. Policy Details

3.1 Implementation

- The Uniform Policy is relayed as part of our regular communication through newsletters, assemblies, Home Group or Class teacher reminders, parent meetings and school activities.
- It is reinforced by teachers and administration who will remind students who appear with inappropriate or incomplete school uniform and will follow through with consequences where the policy is not adhered to deliberately.
- Students are required to wear the official school uniform on **all** school excursions (unless otherwise notified).
- Students are required to wear the school uniform when representing the school out of school hours and outside of the school premises.
- Wide-brimmed school hats must be worn in Term 1 and Term 4 during outside play activities.
- Clothing should be clearly labelled with names to ensure lost items can be returned.
- Reminders will be sent to parents when students do not abide by the school Uniform Policy and students may be sent home for repeat offences.
- For shirts/blouses, hijabs, pants and school dresses, students must purchase two to ensure uniforms are cleaned regularly as there is no excuse that 'it is in the wash'.

3.2 Exemptions

The Principal may exempt students from the dress code (section 3.6) upon written request from parents. Grounds for exemption are:

- Medical – The student has a condition such as allergies or disability that would prevent the wearing of the uniform. This must be accompanied by a medical certificate and alternatives will be negotiated.
- New or itinerant students (for a period of 2 days if uniforms are out of stock).
- Any other grounds that the Executive Principal deems sufficient.

3.3 New Uniform Transition

The College's new uniform was implemented in 2019. It is expected that all students will have effectively transitioned to the new uniform, unless there is a shortage of supplies due to COVID-19 or other supplier issue.

3.4 Financial Hardship

Where financial hardship impacts on the purchase of uniforms, it is recommended that families approach the College Administration so that supports may be implemented.

3.5 Uniform Shop

The uniform shop is open and available for student and parent access on Wednesdays from 9.00am to 3.00pm. Any changes to the timing due to staffing, Ramadan or school holidays will be provided to parents through school newsletters or on the School Facebook page.
