INTRODUCTION

The purpose of the College Canteen is to provide low-cost, healthy and nutritious food.

The Canteen's menu complies with the Health Department's request for healthy foods to be served in schools. The menu will be updated as necessary to ensure a healthy variety of foods are available for students and staff throughout the year. The menu will be published and made available as it is updated.

The Canteen will take student orders for the primary school. Primary students are to write their order on an envelope and seal the envelope with the money to pay for their order. Student Representative Council reps will be asked to collect orders during form time for delivery to the Canteen.

Canteen staff require students to make separate lines for ordered lunches and lunches being bought. Staff members on duty in the Canteen area will ensure that students are lining up in designated lines during recess and lunch.

The Canteen will not serve students during class time
