

## Statement of Commitment to Student Safety and Wellbeing

The Australian Islamic College (Perth) Inc (the College) is unwavering in its commitment to the care, safety and protection of all our students. We uphold a zero tolerance to child abuse and take all allegations, disclosures and concerns regarding child safety and wellbeing seriously. These matters are managed consistently in accordance with our comprehensive systems, policies and procedures.

The College strives to provide a safe, nurturing and empowering environment where students feel respected, heard and valued. Grounded in our Islamic values and our school vision — “Academic Excellence and Islamic Values for success in this life and the hereafter” — our approach to child safety is holistic and proactive. We believe every child has the right to learn, grow and thrive in a school community that prioritises their emotional, physical and psychological wellbeing.

Our entire school community (including staff, volunteers, families and students) is expected to play an active role in upholding our child safe practices. To ensure this, the College maintains a strong and transparent safeguarding culture where child protection is everyone’s responsibility.

The College aligns its child safety practices with the National Principles for Child Safe Organisations, and therefore promotes:

- A culture of student empowerment and participation
- Proactive identification and mitigation of risks relating to student safety and wellbeing
- Ongoing targeted staff training and education
- Inclusive practices that respect cultural and religious diversity

The College is committed to continually review and refine our safeguarding practices and welcome feedback from all members of the school community, as we work collectively to ensure we continue to provide a safe and respectful learning environment.
